

Feature requests

Is it possible to put up mini slide shows with voice over on the website home page? Similar to www.thinkbeyond.co.nz

Testimonial section

Add blog function to website by 26 June

Move site to a proper host. Not nodejitsu.

:Disable menu of current page tryout.

Issues

Flickering when clicking on link

Done, see firstdoor.axion5.net

Home page image doesn't scale.

Phone icon not showing

Style for tablets/phones

Menu tabs

Side links formatting

Image position seems to be too far left

Apprenticeship training icon is floating

Change links 'Certificate IV in T & A' to 'Leadership units'

New layout

Development version

To be reviewed

Style buttons on cover image

Changes to share/facebook button

Done

Change dns over to new server

Our people images

Editing save/sign in showing on the top panel when the website loads

New Diploma of management page!

Document formats and issues

Contact us page changes

Changes to accredited training pages due to application with ASQA

Green door links doubling up

Changes to website design

Are we able to track the number of hits to our website?

Make phone number smaller

Student login size and font

I'm able to edit the new website but unable to save the changes.

Green shading for menu tab

SEO and XML sitemap

Interactive online site editing

Resources doubling up

Events panel changes leave lines

Can the attached invite be hyperlinked to the events panel please

Fix pdf and other links

URGENT editing to website

Apprenticeship training new button with simple image linking to new page with information and Apprenticeship FAQ pdf document

Removed slideshow, replaced with new image

Proper urls, so no index.html#!, not even #! :-)

Google description of First Door

Instructions to link to files in dropbox

Can the links to the workshop invitation also be on the tab/ accredited training competency based workshops in the listed timetable?

Can you please link the attached details on Recruit, select and induct staff on the side bar panel and the main page
<http://www.firstdoor.com.au/#!/courses#intro>

I've been showing a few Directors our website and if they don't use Google Chrome it comes up very messy - large size font in some places that distorts the layout.

Enroll tab and page

Add links to docs in door on enroll page

Removed index.html from urls

Could the workshop timetable in the page text be formatted into a table to sharpen presentation on the page
<http://www.firstdoor.com.au/index.html#!/courses#intro>

Fix contact us page

Swapped contact details around again

Put NRT logo back on top

Event panel

Update accredited training image

Under the resources pages can you please delete any text under the headings/links that refer to "blurb" e.g. "this is the blurb" or "blurb". Thanks.

Can the contact us map be changed to position to 6 Endeavour Blvd, North Lakes instead of to 14 Page Street, North Lakes.

Sorry, but this is super urgent as we are doing another application to be able to offer apprenticeship training. To meet this criteria we must publish our ASQA audit information in prominent place on our website (linked directly from our homepage). I will attach details, but am hoping you can get on to establishing a link from the home page called Australian Skills Quality Authority audit summary. Can this replace the green door link to the quiz as it doesn't work properly. Meantime the quiz could go under resources. Thanks.

Add Cindy/Andrea images

Policy documents changed to web pages?

NRT logo

Font size

Update course guide

<http://www.firstdoor.com.au/index.html#!/contactus>

Connect with us links open new tab

Not sure how best to get these lists of tasks prioritised with you , but it's urgent!

Student login link

Update bottom panels

Events panel only on first page

Add a list...
